

HOTT NUF?

That's a bewhiskered chestnut in Phoenix, for it's always hot enough, but you don't always have a chance to get as cool and comfortable summer shoes as you do now at the AHEAD OF DATE Shoe Store. Canvas shoes are the proper summer shoes, and we have lots of them.

We have workman's shoes, we keep workman's hours, and we want the workman's trade. We close at 6 p. m. (Saturday excepted).

Choose Your Druggist Carefully

A druggist can do more harm or good than most people give him credit for.

There are different qualities in drugs, just as there are in dry goods, and to the outsider all qualities go by the same name.

The difference between pure, high grade drugs, and cheap, inferior drugs of the same name means the difference between getting sick and keeping well.

When a doctor writes a prescription he means best quality. When some druggists fill a prescription they think only of big profits.

Choose your druggist carefully.

K. OF P. MEETING.—The Knights of Pythias will meet tonight in Castle hall for work in the rank of knight.

MINING LOCATION.—Richard Paynter and Henry Wyatt have filed with the recorder notice of the location of the Little Queen and Colorado mines.

A NEW FRONT.—A new plate glass front has been put in the old Chapman store on Washington street, and work is in progress on the cold storage plant for Hurley's market, which will occupy the building as soon as ready.

REAL ESTATE TRANSFER.—Edward Cole yesterday sold to J. Curtis Wason lot 12 in block 80 for \$10,000. This is the lot on the northeast corner of Washington street and Third avenue and is a most desirable piece of property.

NAME CHANGED.—There was filed with the county recorder yesterday a decree of the superior court of Los Angeles county, changing the name of the National Building and Loan Association to the Mutual Building and Loan association.

COMMENCEMENT.—The programme of the annual commencement exercises of the latter day saints academy at Thatcher has been issued, and is a pretty souvenir of the event. The exercises will cover May 1, 2, and 3, and the programme will be an interesting one.

NEW CORPORATIONS.—Articles of incorporation of the Standard Consolidated Oil & Land company were filed with the county recorder yesterday. The capital stock is \$1,000,000, and the incorporators are R. H. Vaa Sant, G. R. Webb, G. J. McGreger, T. R. Dyer and E. R. Davis of San Francisco.

A MULBERRY TREE.—As an illustration of how fruit trees bear in this valley an inspection of the tree at the entrance of the capitol grounds is interesting. The ground is already carpeted with the fruit and the tree is still laden with all the berries there seems to be room for on the branches.

CAME BACK TO PHOENIX.—Miss Carol McLymont of Denver, who has been spending the winter in Phoenix, returned yesterday from a two weeks' visit in California, and is stopping at the Ford hotel. Her visit was cut short there by unpleasant weather and she has returned here, more than ever delighted with Arizona's incomparable climate.

ST. CECILIA CLUB.—The St. Cecilia Music club will meet on Saturday evening with Mrs. Parker, 742 East Adams street. Special business will be considered. "Mendelssohn" will be the subject of the evening, illustrated by the wedding march, Scherzo from Scotch symphony and several songs without words.

READ AND REFLECT

Soon warm weather will be here, and with that wood cook stove your kitchen will be doubly hot. Your kitchen may be kept as cool as your parlor if you follow our directions.

First read this "Ad." through three times and then show it to Pa, that he may read it, and persuade him to come with you to our store and see our line of Wickless Blue Flame Oil Stoves. Buy one, take it home, and use it to cook, iron, bake, brew and stew on until next November. We have three different makes of Wickless Blue Flame Oil Stoves, ranging in price from \$5.00 to \$35.00. But the Standard Lighting Co. is the best one and costs more than the other makes. More of them in use than all other makes made. It is simpler, more durable, safer, more economical than any other stove on the market; it works, a child can run it; it costs half what it costs to run a wood stove; clean, clean and convenient.

2-burner Standard Wickless Blue Flame Oil Stoves, \$12.00
3-burner Standard Wickless Blue Flame Oil Stoves, \$16.00
2-burner Cabinet Standard Wickless Blue Flame Oil Stoves, \$15.00
3-burner Cabinet Standard Wickless Blue Flame Oil Stoves, \$20.00
3-burner Cabinet Standard Step Oven Wickless Blue Flame Oil Stoves, \$24.50
4-burner Cabinet Step Oven Standard Wickless Blue Flame Oil Stoves, \$29.50
5-burner Step Oven Standard Wickless Blue Flame Oil Stoves, \$35.50

Other makes, not Standard, cheaper. We have sold nearly 200 Standard stoves in the territory in the past four years. Other stoves come and go, are bought and returned, closed out at cost or shifted from one agent to another, but the Standard has been sold from one store in Phoenix for the past four years.

board of trade committee in charge of the arrangements for the mass meeting next Tuesday evening has decided that the meeting shall be held at the board rooms at 8 o'clock. It is desired that every citizen who has at heart the progress of the valley attend the meeting. The proposition for a sugar factory will be presented in detail.

MRS. SEARS ILL.—Mrs. Lena Sears is sick with spinal meningitis at her home on North Fifth avenue. Her condition is critical, but the doctors state that her illness is not yet the most dangerous.

MRS. MESSINGER BETTER.—Mrs. A. F. Messinger, wife of the photographer, who has been ill with typhoid fever, was considerably improved yesterday. Her condition at one time during the course of the sickness was very serious, but her physicians believe that she will be convalescent shortly.

SUNDAY SCHOOL PICNIC.—According to indications there will be a large crowd in attendance at the Sunday school picnic of the Presbyterian church, the special train starting from Phoenix on the morning of Saturday and returning that night, after the picnicers have spent a day in Wickenburg.

REGISTRATION ENDS TONIGHT.—Registration of voters for the coming city election closes tonight at 12 o'clock. Lists last night showed a registration to date of 1,846 names. Doubtless a number of names have been held back so that the registration book will contain approximately 2,000 names. Every available voter practically will be on the register tonight.

SPECIAL COUNCIL MEETING.—The city council held a special meeting yesterday morning to consider matters in connection with the Pacific coast trip of President McKinley. A resolution was adopted which makes the mayor of the city custodian of the funds that have been, or may hereafter be appropriated by the city for decorating purposes on account of the reception of President McKinley. Money shall be paid out only on warrants drawn by the chairman of the local decorating committee. A transfer of \$5,000 from the interest fund to the general fund was made, to make possible the appropriation for the presidential reception, and a resolution was passed authorizing the mayor to name ten new members to increase his reception committee from fifteen to twenty-five.

AGREEABLY SURPRISED.—Mr. J. B. MacDougall, who arrived here Thursday, to visit his brother, Mr. M. C. MacDougall, says he is agreeably surprised at Phoenix and the country generally, or what he has seen of it. He expected to find a little town surrounded by sage-brush and other desert features, and instead, sees a lively, bustling little city, surrounded by rich farms and a happy people. He was somewhat distressed, however, to find his brother in bed. Mr. M. C. MacDougall having been confined to his room for a couple of days with a high fever.

A STORY.—A special dispatch to the San Francisco Examiner from Tucson says: "Sheriff Truman of Pinal county has just received word that Assemblan, William H. Beard of Pinal county was roughly handled by the Miners' union at Globe. The miners' role Beard out of camp on a rail, packing him through the streets of the camp and taking him to a point outside, where he was left with warnings that if he returned he would be treated to a repetition of the performance. Beard, during the last legislative session, opposed the eight-hour bill, which was introduced in the interest of the miners of Arizona. The Miners' union in all the camps marked him as their enemy. When Beard visited Globe last week 100 miners gathered one evening, and, picking him up, placed him astride a rail, upon which they bore the visitor out of camp amid wild cheering and jeers."

LIKES PHOENIX.—Mr. W. G. Palmer, a special attorney for the United States connected with the department of justice, is in the city, having returned yesterday morning from St. Johns, where he has been taking testimony in Indian deposition claims. He recently took a 150-mile stage trip in the northern part of the territory, and while he is very much in love with Arizona, if he could have his way about things he would have more railroads here. He has traveled all over this territory and Mexico and New Mexico, and naturally is very much impressed with the resources of the southwest. But he has also seen other places and expects to see more. He spent last summer in Alaska on official business and as soon as he returns to Washington he expects to be sent to the Philippines. He is an old school friend and townsman of T. E. Grindell, who says that before he gets through with him he will have decided to make Phoenix his home.

TO SHOW MR. MCKINLEY.
It is desired that an unusually fine exhibition of the resources of this valley be made at the Board of Trade rooms on the occasion of the president's visit. The board requests that all who have samples which will illustrate the mineral and agricultural products be left at the rooms of the board as soon as possible that they may be properly arranged.
J. M. FORD,
President Board of Trade.

Every great fortune had its first foundation laid in small savings. Marshall Field began work as a clerk in a small retail dry goods store. Today he is one of the greatest merchants in America. He saved something every day. Then he put his savings in a savings bank, where they drew interest. Why not imitate Field's example by putting your savings in The Home Savings Bank?

DOCTOR DEIMEL'S LINEN-MESH Underwear

is well and favorably known throughout the United States. The demand for it is steadily increasing. It is particularly adapted for wear in warm countries. It is a porous linen, and everyone knows how much more readily linen will absorb moisture than either cotton or wool. When you stop to think about it, common sense will tell you that linen is the ideal material for underwear, just as it is for either towels or handkerchiefs.

PROBATE COURT.—In the estate of William Naegle yesterday an inventory and appraisement of the estate was filed and notice to creditors was ordered published. In the estate of William Barnett hearing of the petition for distribution of the estate was continued to May 6. In the matter of the estate of the Moss minors hearing was had and an order issued approving the account. Vouchers and publishers affidavits were filed. In the estate of Melissa Benton, a minor, hearing of the petition for an order to show cause why the funds of the minor should not be invested was continued to April 27. In the estate of Emily A. Woodruff hearing was had on the petition for an accounting by the former administrator, W. L. Woodruff, citation having been heretofore served and returned. Fred Betts, administrator de bonis non, and Isabel Betts both filed exceptions to the report and the hearing was continued to April 26. In the E. P. Hayden estate the depositions of Sarah J. Fields and P. R. Hayden were received, opened and filed. In the estate of Barnum Thompson the oath of the administrator was made to the inventory of the estate.

UNIQUE RELIGIOUS MEETINGS.—Unique in the religious history of Phoenix are the meetings of Major Cole, the evangelist, held on street corners, abstract offices, and finally, in the office of a justice of the peace, there being a peculiar significance in holding services of worship in the office of a justice of the peace. The meeting held in the abstract office, yesterday, was begun by this hymn: "When I Can Read My Title Clear," the natural thoughts of the abstractor which were put to verse for the first time in his office. The hymn was repeated when the meeting closed. To scatter a liberal amount of Christianity in the office of a justice of the peace will be the mission of Major Cole at 10:30 o'clock this morning. It is said that accused men are making a scramble to have their names inserted on the docket so that their cases will come up immediately after Major Cole's discussion of the golden rule. As the emperor of China annually ploughs a furrow to set a working example to his nation upon millions of subjects, the major to his Phoenix followers has adopted a plan, creating an example of the humble ways of the Savior and how He mingled with the people on the streets to preach His gospel. On Wednesday night he assembled several local prominent ministers, including Rev. Lapsley McAfee, pastor of the Presbyterian church, and Rev. Mr. Rowland, pastor of the M. E. church, south, as well as the Rev. Dr. Ward, a Presbyterian minister from Spokane, Wash., and prominent church workers, who held services on the corner of Washington and Center streets, interspersed with chorus singing. The crowd which assembled was invited to attend a religious mass meeting that followed.
